ASSUMPTIONS

Food truck park — baseline price	**$97,971 / pad · Derived estimate — verify (entertainment/food-truck-park.json)**
Food truck park — factors	**regional 0.79 · quality 1 · size 0.9855 · escalation 1.0386**
Food truck park — research note	**Cost is driven by fixed shared amenities (restroom building, shade pavilion, seating plaza, lighting, grease handling) spread over a small number of truck pads, so cost per pad falls steeply with pad count. Public data are thin: a few municipal budgets/bids (Moses Lake WA, Albert Lea MN, Tyrone GA, North Summit UT) and Texas TDLR project registrations give a wide $30k–$200k+/pad spread; the mid is a reasoned build-up and should be verified.**
Phase 1 — schedule	**2027-03, 6 months, midpoint 2027-06, escalation 3.86% (forecast rates from _indices/escalation.json)**
Phase 1 — financing	**LTC 60%, rate 7.00%, fee 1.00%**
